

Dear valued broker partner,

Last week we informed you that as part of pharmacy reporting under the Consolidated Appropriations Act (CAA), 2021, Kaiser Permanente is required to submit information on prescription drugs and healthcare spending to CMS. To help ensure compliance with the reporting requirements, we will be asking employer groups to complete a form.

CMS released new guidance on February 1, 2024 and Kaiser Permanente is reviewing it to determine what changes may need to be made to the form we had planned to send to employer groups.

We will keep you informed of when the updated form will be sent to contract signers, as well as the revised form completion deadline.

Kaiser Permanente still plans to submit all applicable reports and required responses for all employer groups to CMS by the June 1 deadline.

Sincerely,
Kaiser Permanente
