5 health care experiences ripe for transformation

UnitedHealthcare is working to make it easier for employees to navigate the health system and create a better overall member experience. Find out how.

Multigenerational workforces demand different health care experiences

With up to 5 generations in the workforce, employers need to design health plans that deliver an experience that meets multiple expectations.

[The focus on family-centric benefits](#)

Employees often balance their jobs with caring for their families. Offering benefits that support their needs may lead to a more productive workforce.

[Today's workforce is aging, what that means for employers](#)

As today's employees put off retirement, employers are designing benefit packages that accommodate their changing health care needs. Learn more.

[Advocating for members throughout their health care journey](#)

See how the support from compassionate, expert-trained advocates is anticipating health needs and helping members make more informed health care decisions.
